

HEAD OF GIDEONS SPEAKS TOMORROW

Samuel R. Boggs to Address
Last Union Twilight
Meeting.

WELL-KNO'N SPEAKER

At the union twilight service on Sunday, September 5, 1926, at 7 P. M., on the lawn of the Methodist Church, corner of Essex and Price avenues, Samuel R. Boggs, president of "The Gideons" will speak on the subject "The Bible, the greatest book in the world, from a standpoint of the business man."

Mr. Boggs is a speaker very much in demand and the union twilight service is very fortunate in being able to secure him. The churches hope the Christian people of Narberth and vicinity will give him a large attendance. This is the last union service for 1926.

Samuel R. Boggs, of Philadelphia, is president and treasurer of the Model Mills Carpet Company. Was president of the National and International Gideon Association for three years. Under his leadership over 100,000 Bibles were placed in hotels and institutions for the year ending June 20, last. He is one of the directors of the Business Men's Council of the Pocket Testament League. Mr. Boggs is a speaker very much in demand.

The Gideons, the Christian Commercial Travelers' Association of America, with State associations in nearly all the States and in Canada, are best known as the men who place Bibles in hotels and who take their religion with them when they go away from home.

The Gideons have already placed over 700,000 Bibles in the United States, mostly in hotel bed rooms. Great blessings have thereby come to thousands of readers. It is estimated that about 1,000,000 Bibles are yet to be placed to complete the work once around. The first Bibles were placed in a hotel at Iron Mountain, Montana, in November, 1908, 25 Bibles. Largest number placed in a commercial hotel. The Morrison, Chicago, Ill., 1600. Ten thousand were placed in one day at Atlantic City, N. J.

Employers of traveling men have great reason to co-operate in the work of the Gideon Association for the work makes better, cleaner, and more successful salesmen and brings hope and joy to those who come in touch with it. Numbers of discouraged, sorely tempted traveling men have been saved from falling, from sorrow and death by coming in contact with these Bibles.

Who can be a Gideon? Any traveling man who believes in the Lord Jesus Christ as the eternal Son of God and accepts Him as his personal Savior, and endeavors to follow Him in his daily life, and who is a member of the church that makes such a belief a condition of membership.

The Bible work of the Gideons is provided for financially by donations from interested persons, and thousands who do this are glad to have a part in this great work of placing the Bible where it is instrumental in bringing countless numbers to a saving knowledge of Christ the Redeemer.

The Bibles have a set of valuable directions on the inside of front cover, especially helpful selections to read, from which we insert the following:

If lonesome or blue and friends untrue, read Psalms 23 and 27. Luke 15.

If trade is poor, read Psalm 37. John 15.

If discouraged or in trouble, read Psalms 126; John 14.

If you are all out of sorts, read Hebrews 12.

If you are losing confidence in men, read 1 Cor. 13.

If skeptical, read John 6:40-7:17; Phil. 2:9-11.

If you can't have your own way, read James 3.

If tired of sin, read Luke 18:9-14; 35-43; John 9.

If very prosperous, read 1 Cor. 10:12, 13.

The Wonderful Result—Isaiah 35—Ps. 121—Rom. 12.

POST OFFICE WILL CLOSE

Postmaster J. Bertram Nesper announces that the Narberth Post Office will be closed Labor Day, and that no deliveries will be made.

Outgoing mail will be despatched as usual, and a collection will be made at 3 o'clock in the afternoon from all mail boxes. Special delivery will be made as usual.

As Monday is a legal holiday all the banks will be closed. Many merchants have also signified their intention of closing up shop for the day. Indications are that there will be more Narberth people away at the shore and in the mountains than at home, over the week-end.

SCHOOL TO OPEN MONDAY, THE 13TH

Householders Are Asked to
Make Known Accommodations
for Teachers.

DOWN IN STATEMENT

"All public elementary and high schools of Lower Merion Township will open regularly for the 1926-27 school year at nine o'clock Monday morning, September 13," according to a statement issued by Superintendent of Schools S. Edgar Downs this week.

All rumors to the contrary, the Senior High School Building will be open with the rest, despite building operations which are continuing on the two wings of the structure. The Narberth Junior High School will also observe the same opening date.

Announcement of a complete list of the teachers employed in the 1926-27 school year will be made next week, Mr. Downs says. The rest of the superintendent's report follows:

"New students who desire to enter either high school should apply through the office of the superintendent, in the Senior High School building at Ardmore, and should present complete records from former schools.

"Parents should enroll elementary children in the local grade-buildings. All principals will be in their respective school offices on and after September 7. Both high school offices will be open from September 1 until school opens.

"All new pupils must present certificates of successful vaccination.

"First grade children must present definite evidence of age. Those who will be six years old prior to April 1, 1927, may enroll when school opens, but no beginners can be admitted after September 30.

"Students who enter late are much handicapped in their work. Therefore enrollment should be made early.

"Definite information should be sent in writing to the superintendent relative to rooms, apartments and boarding available for teachers."

STEAKS AND CHOPS

Discussed by Aldred at Rotary Meeting Tuesday.

Problems of a retail butcher were discussed Tuesday at the meeting of the Bala-Cynwyd-Narberth Rotary Club by Charles S. Aldred, butcher and grocer of Cynwyd.

He showed the difficulties found in selecting his wholesale lots of meat and in choosing varieties, so as to cater to a particular and fastidious Main Line trade.

A review of the tremendous quantities of meat butchered in a year was given, together with a discussion of relative values of different kinds. Every Rotarian present was given a new insight into the scope of the meat industry.

Dr. Carl W. White, Narberth physician, was chairman of the meeting. The monthly business meeting, it was announced, would be held next Tuesday evening.

Sunday was the hottest August 29th in 55 years, according to the Weather Bureau. The humidity was very high and added much to the discomfort of residents.

The Fireside

Miss J. Adaline Bawden, of Woodside avenue, has returned home after a two weeks' stay at the Hotel Traymore, Atlantic City.

Mr. J. H. Knapp and family, of the Avon Apartments, are enjoying a vacation at Trout Run, Pa.

Mr. and Mrs. Ralph S. Dunne have returned after a week's motor trip through New England, returning via Canada and Lake Champlain.

Mr. Edward Haws, accompanied by his daughter, Mrs. John C. Nash, and Mrs. H. J. Nash are on a motor trip through the White Mountains to Quebec.

Harry Merrill Gehman, of Narberth, has been honored by election to the faculty of Yale University. He will be instructor in mathematics. Mr. Gehman returned to Narberth recently from a year's study at the University of Texas. Formerly he was a member of the faculty of the University of Pennsylvania, from which he graduated.

Mr. and Mrs. T. R. Trimble, daughter and Miss Wheeler, of Narberth, accompanied by Mrs. Ivens, of Gloucester, are motoring to Los Angeles, where they expect to make their home.

Mr. and Mrs. Harold M. Greist, of Meeting House Lane, are home from a two weeks' trip to Phillipsburg, New Jersey.

Mr. and Mrs. S. H. McCullough, James and Ethel McCullough, of Cleveland, Ohio, are the guests of Mr. and Mrs. C. C. Tyson and Mr. and Mrs. A. H. Durboraw.

Mr. Frederic A. Lanahan, special agent for the Provident Mutual Life Insurance Company, is attending a convention in Chicago of Provident leaders in production.

The W. Burton Piersols, of Avon road, have returned from a two months' vacation at Boothbay Harbor, Maine.

Mrs. C. A. Speakman, of Gray-

ling avenue, has as her guest her brother, M. J. C. Daniel with Mrs. Daniel and their three children of Gratz, Pa., who are here to attend the Sesqui.

Mrs. P. R. Bonsall, of Maine and Florida, is the guest of Mr. and Mrs. S. V. Reichner, of Meeting House Lane.

Miss Juliet Shaw, daughter of Mr. and Mrs. Charles H. Shaw, of Avon road, has returned from a visit with Miss Helen Hartel in Washington, D. C.

Mrs. Abbie N. Diven, Narberth tax collector, has returned from her vacation spent at Cotuit, Mass.

Mr. Richard T. Gallagher, of Woodbine avenue, has left for a vacation to Canada, Buffalo and Niagara Falls.

Mr. and Mrs. J. Howard Wislon and family left this week for Seal Harbor, Maine.

Miss Honora Snyder, who with a party of 12 high school girls and for teacher chaperons, toured Scotland, England and France since the close of school, returned on Monday and has joined her parents, Dr. and Mrs. O. J. Snyder and brother, Jimmie, of Narberth avenue, at Atlantic City for the rest of the summer.

Mr. and Mrs. J. E. Freemann and family, of Chestnut avenue, have returned home from their vacation.

Miss Ada C. Nesper returned Tuesday from Grand Island, Vt.

Mrs. E. L. Smith, of Merion avenue, left last week for Los Angeles, Cal.

Mr. and Mrs. Clarence Long have returned from Ocean City and are occupying their new home in Davis' Apartments, Forrest avenue.

Mrs. Arthur Goldsmith, of Montgomery avenue and Mill road, returned Tuesday from a two weeks' stay at Hotel Shelbourne, Atlantic City.

CONTINUED ON THE SECOND PAGE

REHEARSALS TO START ORCHESTRA SEASON

Amateur Body Has Openings for
More Musicians.

The fifth season of the Main Line Orchestra will be opened Tuesday evening, September 14, with the first rehearsal.

The rehearsal will be held in the parish house of St. Mary's Church, Ardmore avenue. Last year's members are asked to report at this time together with any new applicants.

Last year the personnel of the orchestra totaled 52. There are still a number of vacancies, according to an announcement this week by Conductor Adolph Vogel.

Any applicant desiring to join the orchestra should report for this first rehearsal, as new members cannot be entered after the orchestra has begun the preparation for a concert.

All indications point to a highly successful season for the orchestra. An enlarged series of musical events and considerable enthusiasm among the officers and directors are taken to promise that this will be the biggest year in the history of Main Line amateur music.

INCREASE SHOWN

Lower Merion B. & L. Announces
Issue of Forty-seventh Series.

The Lower Merion Building and Loan Association, one of the oldest institutions on the Main Line and one of the largest building and loan associations in the State, this week announces the opening of a new series.

Since last March the assets of the association have increased from \$1,762,556.19 to \$1,802,465.25, which assets are represented by mortgages and stock loans. The association does not own any real estate and has not owned any for some time. The mortgage loans are made on real estate in Montgomery, Delaware and Philadelphia counties.

Mr. James C. McCurdy, the present secretary of the association, has filled that post since 1887.

LEGAL HOLIDAY

Labor Day being a legal holiday, all Main Line banks and many stores will be closed

PARKED AUTOS CREATE BIGGEST TRAFFIC HINDRANCE

The parked automobile is the biggest hindrance to traffic in congested streets, according to Frank R. Coates, president of the American Electric Railway Association, who is quoted by the Pennsylvania Public Service Information Committee.

"Private automobiles comprise 80 to 85 per cent. of all vehicles in the streets and yet they carry only 15 to 20 per cent. of the traveling public."

"When communities permit automobilists to park their cars along both sides of business streets, they impede all traffic and turn public streets into storage places for private property."

RUSHING WORK ON SR. HIGH SCHOOL

Cafeteria Wing Will Be Ready
Next Month—Gymnasium Later.

RAIN DELAYED WORK

Construction work is now being rushed on the two new wings of the Senior High School building which will house Lower Merion and Narberth students. The old building, which was constructed in 1910, has been undergoing a complete overhauling this summer, and the main part of it will be ready for the opening of the school year on the 13th., at the same time the Narberth Schools open.

The additions now under way will enlarge the capacity from 500 to between 800 and 1000 students, and will equal the capacity of the more modern Junior High School building nearby. The two new wings include a boys' gymnasium, a cafeteria, 16 class rooms and numerous offices, storerooms, retiring rooms and janitor's closets.

The west wing containing the gymnasium will not be finished until Christmas time, as was expected.

The east wing, containing the cafeteria, was contracted to be completed by the opening of the school in September, but delays caused by recent rains have caused the school authorities to grant an extension of time to the contractors. The wing is now expected to be completed by October 15, or by November 1, at the very latest.

Wills, Bill & Company, of Philadelphia, are the general contractors with N. Connelly for heating and ventilation work, Bullman Brothers for plumbing, and the United Electrical and Construction Company for the electrical installations.

The new cafeteria is being installed in the east wing, occupying its entire length, with kitchen and dish-washing rooms opening from it upon a court. There are two courts provided for ventilating and lighting between the new wings. One court provides light and air for the auditorium on the east side.

The floor of the cafeteria will consist of linoleum. Two outside exits are provided for, one to the tennis court on the east, and one to the football field in the rear. There are two entrances from the main body of the school. Walls of the cafeteria are of a cheerful white hytex brick.

On the two upper floors of this wing there are eight new classrooms and several janitor's closets, storerooms and offices. As innovation one the floor immediately above the cafeteria is the installation of three adjoining classrooms separated only by swinging doors. These rooms are thus readily adaptable to be employed as one large music room.

The basement of the old building is being remodeled. The old cafeteria has been changed into a wide corridor, and the side rooms formerly used for eating halls have been changed to supply rooms for books and other equipment. One room is fitted with a fireproof safe to hold the valuable records of the township schools during their many years of existence.

Improvements are being made in the manual training room, and the windows have been enlarged to admit more light. A new lumber room has been made ready to store the lumber for use in the woodworking room.

Changes are also being made in

CONTINUED ON THE SECOND PAGE

WINDSOR AVENUE OPEN TO TRAFFIC

Dangerous Bumps Taken Out
of Crossings in
Borough

WORK DONE AT SAVING

Another step in Narberth's street improvement was completed last week when Windsor avenue, from Dudley to Wynnwood, was opened to traffic.

The street, which had been in bad condition for a considerable period of time, was completely resurfaced. In addition, the sides, which had formerly been rough, were built up with a good foundation, and made continuous with the centre, giving a wide, smooth roadway.

As was done in the case of Narberth avenue, the borough forces, under the direction of Street Commissioner George B. Suplee, performed this job at a substantial saving to the taxpayers. The cost of the Windsor avenue job was \$1700, as against an estimate of \$2500 by a contractor.

The completion of this stretch closes the borough's street paving program for this year, and leaves Narberth's roads in the best condition of any section throughout the suburbs.

Street work of a smaller, but nevertheless important, nature is now being done. Last week the "dips" on Windsor avenue at Dudley and Conway avenues were smoothed out by Mr. Suplee. These drainage gullies, crossing the street intersections, were deep and sharp, with the result that motorists not familiar with the section received many rude jolts.

This week the work was extended to the intersection of Narberth and Chestnut avenues. The corners of Essex and Chestnut and Essex and Merion will be tackled next week.

These Thank-You-Ma'ms were installed as part of the street drainage system put in by the late Squire McClellan, and at the time of installation, successfully met a pressing drainage problem.

The growth of automobile traffic, however, and the rapid installation of first-quality streets has put the sharp troughs far out-of-date. For several years constant complaints have been received by the borough authorities. Out-of-town motorists, proceeding at a reasonable pace past the crossings, would be jolted to the roofs of their cars. There were many near-accidents.

Mr. Suplee is widening the troughs and making them more shallow, thus easing the shock to a passing car. The ones completed so far have been of concrete. The two on Essex avenue will be rebuilt of brick.

REBUILDING GARAGE

Mrs. Mary A. Lacey has begun the reconstruction of her garage on Haverford avenue at Conway, destroyed several weeks ago by fire.

Thomas A. Kerrigan, Sr., builder, is doing the work.

DELAY ON BRIDGE SPAN AROUSES INDIGNATION

The new \$73,000 concrete bridge for Montgomery Pike over the Pennsylvania Railroad tracks at Cynwyd station is not nearly completed. Many Cynwyd residents have expressed indignation at the slow progress made on the job.

Motor traffic has been held up for months, and there is every likelihood that it will be a long time before the work is completed. Meanwhile motorists must park their cars and employ the foot bridge in order to cross the railroad or make a detour at considerable inconvenience.

It is of interest to note that Section 7 of the Public Service Commission's March report requires "That all of the work herein required to be done shall be fully completed on or before September 30, 1926—less than a month, and the foundations are not completed."

City. The Misses Elizabeth and Carolyn Goldsmith returned on the same day from Camp Buckwood Lodge.

Police Officer Emil Piquet is back on duty after his vacation. He spent part of the time at Gettysburg, and the remainder in practicing wrestling with Rodgers Mahoney, of Strafford, Penn. State star. Piquet is getting in shape for a hard football season with Preston A. A. this fall.

John Herbert Egmore, son of Mrs. Francis Egmore, of Dudley avenue, returned Wednesday from Camp Tecumseh.

Mr. and Mrs. Barry S. Mellor and family, of Chestnut avenue, have returned from Ocean City, N. J.

Mr. and Mrs. Gerd Schulte, of Los Angeles, Cal., are the guests of Mrs. Mary M. Livingston, of Chestnut avenue.

Mr. and Mrs. Royal D. Thomas and family have returned from a vacation spent at Schwenksville, Pa.

Miss Virginia Burgstesser, daughter of Mr. and Mrs. Albert E. Burgstesser, of Chestnut avenue, has left for camp.

Mr. and Mrs. Dunstan Smith have returned from a visit to their son, Dunstan, Jr., at Ocean City.

Recent guests at the home of Mr. and Mrs. A. H. Durboraw were Mrs. Ida Durboraw and daughter of Kansas City, Mo.; Mr. and Mrs. H. D. Weikert, of Hanover, Pa.; Mr. H. N. and Miss Miriam Weikert, of Pittsburgh; Misses Bernice Ritter and Louise Wilhide, of Thurmond, Md.; Lloyd Wilhide and Russell Durboraw, of Gettysburg.

Mr. William Selfridge and family are expected home from Ocean City tomorrow.

NARBERTH IN TIE

Local Team to Scrap for Main Line Supremacy.

Narberth is in a tie with Preston and Autocar for the lead in the Main Line League baseball race. Last Saturday the snappy pitching of Townsend, who fanned 13, was largely responsible for a 10-0 shut-out of Brookline. Eppa Yowell was there with the stick when needed. The score:

MANY VISITORS

Field Executive Mahl Says Tourists Use Local Y.

"Last week I gave a short outline of our swimming pool and the care and work required to keep it in good condition. This week I want to tell you something of the work that has been accomplished: We have several hundred men, women, boys and girls who use the pool every week. Last Thursday (boys' day) I made a visit to the pool. I found 30 or 40 boys in the pool ranging in age from 4 years to about 15 and to my utter astonishment 90 per cent. of them were good swimmers. They had no fear of the water and seemed to be having the time of their young lives. I mentioned the fact that even the smallest of the children were good swimmers to our lady attendant and she said that the same was true of the girls and I was assured that when they first came to the pool very few of them could swim. I feel that our instructors are deserving of much praise for the way they have worked with their pupils. I have never been known to have won a prize for my swimming, in fact I felt ashamed of myself when I saw how fine the children were doing, and that the extent of my ability was slightly more than wading in the water, so I made up my mind that on the next men's day I would try it out. Well, I did. That was four weeks ago and today I swam six times across the pool. I was enthusiastic, of course, after my first lesson, so I went out and told my experience to several men and we now have a number of men who are taking the lessons and they are highly enthused. I saw two of the men swim across the pool today, who, three weeks ago, could not swim a stroke.

"It is interesting to know that people come to us from far and wide. I talked with two boys about a week ago and they told me that they were from Canton, O. Today I talked with two other boys and they told me that they were from Uniontown, Pa. Three weeks ago three ladies came in and they said that they were from San Francisco, Calif.; they were automobiling to the Sesqui, and they stopped in just for a refreshing swim. There are many cases of this kind, people coming and going all the time.

"Several days ago I had a talk with Miss Verfenstein, secretary of the Haverford Community Centre. We have been furnishing an evening of entertainment for them once a week. Friday night one of our secretaries goes to their building with our moving picture machine, the program consisting of an educational film, a comedy and a feature and in addition to the picture show, we have a real old community sing. This furnishes an ideal entertainment and the cost is small. We furnish the machine and operator, and sometimes the people who are entertained drop change in a hat at the door; but this is not necessary, although it does help to defray expenses. Miss Verfenstein told me that sometimes they had as many as 500 people at their entertainments and she said that they could not thank us enough for the good work that we were doing. We will be glad to arrange for more entertainments of this kind for any of the numerous Community Centres that we serve if the people in charge of such organizations will communicate with us. We serve 36 different community centres from Overbrook to Paoli and from Sixty-ninth street out West Chester Pike to Newtown Square and thence north to the Schuylkill River.

"Anyone who does not swim or who wishes to brush up on his swimming with the new strokes is invited to come up and take advantage of this opportunity. A single swim costs only 25 cents. See our ad elsewhere in this issue.

"Remember, the location is 116 West Lancaster avenue, just east of the Autocar Company offices."

GIRL SCOUTS

Participate in Girl Scout Day at Sesqui.

Girl Scouts of the Main Line are taking part in the observance of "Girl Scout Day" at the Sesqui-centennial today.

During their stay the visiting Girl Scouts will be entertained at tea in the Pennsylvania State Building, where they will be the guests of Miss Martha G. Thomas, official hostess. At the Palace of Education two performances of the movie "Around the Clock with the Girl Scouts," will be given at 12 and 5 o'clock. They will be taken on an inspection tour of Camp Anthony Wayne and Camp Samuel Nicholas where they will be received by Brigadier General H. C. Learnard, commander of the Sesquicentennial expeditionary force, and Captain Louis Estell Fagan, officer in charge of the United States Marine encampment.

A standing invitation to visit "High Street of '76" on the Sesquicentennial grounds at any time has also been given the Girl Scouts by Mrs. J. Willis Martin, chairman of the Women's Committee of the Sesqui. On this street, rebuilt and re-peopled as it was at the time of the Revolution, they will find the homes of Washington, Jefferson and Robert Morris, Benjamin Franklin's Print Shop, the first infirmary and

at Island Heights, N. J.

The family of Mr. John S. Ketcham are expected to return from Ocean City next week.

MAKING ADDITIONS TO SENIOR HIGH SCHOOL

CONTINUED FROM THE FIRST PAGE

the auditorium of the old school taking advantage of the construction of the gymnasium wing behind the stage, space has been provided for a passageway behind the stage, facilitating the entrance of large numbers of students to the platform, for dramatic and other purposes. Two new exits have been provided, one leading outdoors on the west side and one communicating by means of an incline to another corridor. Footlights are being installed on the stage for the first time in its existence.

Athletic Field Enlarged.

The large athletic field in the rear of the high school buildings is also included in the improvements now being rushed to completion. The track is being enlarged to sixteen feet, and the dirt excavated is being banked at the ends of the football field, giving it a stadium effect. Two new pole vault pits have been completed and will be ready for use this season.

The grandstand is being made permanent, with a concrete foundation, to insure safety from collapse of the former more frail structure. Recent heavy rains have caused grass to carpet the field and aid materially in beautifying it.

In the new west wing of the school, which will not be ready until late in December, it is expected, there is a gymnasium which will be for use of the boys, while girls will have the Jr. H. S. gym for their own. It is planned to hold smaller athletic contests including basketball games in the new gym, and relieve the growing demands on the larger gym in the Jr. H. S., although the big games will still be played in the larger gym.

There will be a concrete base

with pliant mastic flooring, resilient and durable in the new gymnasium. Dressing rooms will be installed beneath the balcony, which will seat 300, and will communicate with the first floor front corridor of the building by a new stairway.

A dressing room for visiting teams will be installed at the corner of the new gym wing, on the second floor. Direct egress to the athletic fields is provided from the dressing rooms and the gym floor. The office of the physical training instructor will occupy another part of the gym wing second floor, overlooking the stadium.

Mr. Arthur Goldsmith, of Montgomery avenue and Mill road, sailed for Europe on Thursday last for a month's rest.

Stability

The stability, resource and financial integrity of a national bank are known, respected, and relied upon throughout the country.

The convenience, friendliness and closeness of interest make a community bank the ideal institution with which to do business.

In joining these two advantages—in choosing officers and directors from representative citizens, we feel that we have provided unusual banking facilities.

And a steady, rapid growth in deposits is the best proof of stability.

BAPTIST CHURCH OF THE EVANGEL

Robert E. Keighton, Minister.

Services September 5, 1926:

9.45 A. M.—Church School. This will be the first meeting of the fall. Classes will take up their regular work and there will be classes for everyone.

11.00 A. M.—Morning worship. Sermon by Rev. Owen O. Brown, D. D., Editor-in-chief of the Sunday School Publications for the American Baptist Publication Society.

7.00 P. M.—Union twilight meeting. The address will be given by Mr. Samuel K. Boggs, president of the Gideons of Philadelphia, on the subject "The Bible, the Greatest Book in the World, From the Standpoint of the Business Man." He has a wonderful message, and let us give him a good audience, besides this is the last of the union twilight meetings for 1926.

Wednesday, September 8, 8 P. M.—

The pastor will be in charge and will be the first of our regular prayer meetings. The subject will be "A Vacation Thought." Let every member attend who can possibly do so.

HOLY TRINITY LUTHERAN

Services, September 5:

9.45 A. M.—Bible School.

11.00 A. M.—Morning worship. Hugh E. Yost, acting pastor, of the Chapel of the Advent, will deliver the sermon.

7.00 P. M.—Evening sermon. Mr. Samuel K. Boggs will speak on the theme, "The Bible, the Greatest Book in the World, From the Standpoint of the Business Man."

Mr. Boggs is the president of the well-known Gideon Band. It will be recalled that the Gideons are men banded together for the purpose of making this aged Book more universally known and read by placing a Bible in every hotel or inn room possible. Everybody should be interested in this work and should come out to hear this theme discussed.

THE PRESBYTERIAN CHURCH

Meetings for September 5:

9.30 A. M.—Bible School. All welcome.

11.00 A. M.—Morning worship. Mr. Van Ness will preach a Labor Day sermon on the theme: "The Gospel of Work."

7.00 P. M.—The last of the union twilight meetings for this season will be held on the Methodist lawn. The address will be given by Mr. Samuel K. Boggs, prominent business man of Philadelphia and president of the Gideons Association.

Next Wednesday evening at 8 o'clock the pastor will conduct the regular church prayer meeting. Each one is requested to come prepared to contribute some helpful thought received during the summer.

NARBERTH METHODIST

EPISCOPAL CHURCH

9.45 A. M.—Bible School. Hon. Fletcher W. Stites, superintendent.

11.00 A. M.—Morning worship. Sermon by the pastor. Theme: "God's Command to the Church."

7.00 P. M.—Union twilight service on the lawn, if the weather permits. The speaker will be Mr. Samuel K. Boggs, president of the Gideons Association.

Wednesday, 8 P. M.—Prayer and praise service.

The regular monthly meeting of the Sunday School Board will be held after the prayer meeting on Wednesday evening.

Choir rehearsal on Thursday evening.

Holy Communion and reception of members next Sunday morning. Members of the church will please observe the change in date from first to the second Sunday.

A welcome awaits you at all the services of the church.

FIRST CHURCH OF CHRIST, SCIENTIST

Women's Club Building, Ardmore Avenue, Ardmore, Pa.

Sunday services, 11 A. M.

Wednesday evening testimonial meeting, 8 o'clock.

Reading room, No. 19 West Lancaster avenue, open daily, 10.30 A. M. to 4.30 P. M.

The subject for the Bible lesson sermon for September 5 is "Man."

LIBRARY CLOSING

Monday Workers Get Another Day Off, Labor Day.

The Library is very reluctant about ever closing its doors, having firm convictions that its services are constantly in demand and that it is the duty of the Library to be ready always to deliver those services. However in the nature of things, it seems necessary to observe a few holidays and the coming Monday, Labor Day, is one of the important ones of the year. On that day the Library will be closed, but promptly at 3 o'clock on the following day the Library assistants will be ready to make up for the holiday of the day before.

This is the year of the Monday holidays, Washington's birthday, the observance of Memorial Day and of the Fourth of July, Easter Monday, and now Labor Day, all falling on the first of the week—or the second, according to one's beliefs. The summary of these Monday holidays has not been brought to anyone's attention by those who work at the Library on those days, but on the contrary by those who work there on the other days. There is a bit of good natured competition over the good fortune of a "day off" which doesn't at all cast any reflections on the joy of the work.

TRIM BROOKLYN, 10-0

Narberth Plays Fine Game of Ball.

In a twilight game Tuesday evening, the Narberth team defeated the Brooklyn Professionals with a score of 10 to 0.

Townsend was in fine form, and only allowed three hits. He struck out thirteen men.

Jimmie Keys crashed another four-bagger, and came rolling home. Yowell hit three safeties and stole two bases.

The score follows:

NARBERTH									
	R.	H.	O.	A.	E.		R.	H.	O.

THE MERION TITLE & TRUST COMPANY OF ARDMORE

NARBERTH

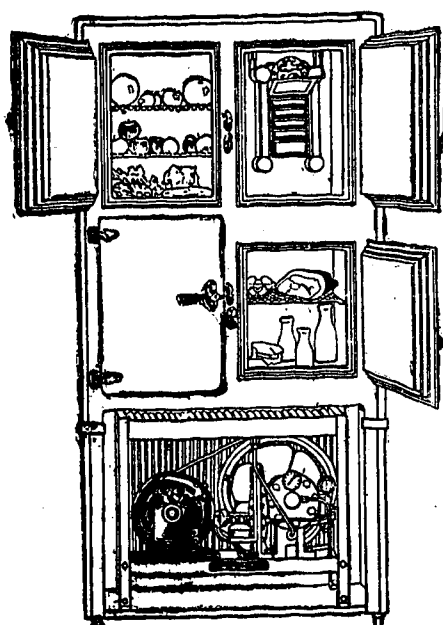

BALA-CYNWYD

You owe it to yourself
to investigate the silent

IROQUOIS

Note the compact, simple construction of the Iroquois Compressor Unit—important factors in making it so silent and trouble-proof.

You can have Iroquois Electric Refrigeration in your present ice box. You can also get a complete Iroquois Electric Refrigerator—either in a beautiful white or gray porcelain enameled cabinet or in a white-enameled hard-wood cabinet.

before you choose an
electric refrigerator

COME in and let us show you why the silent Iroquois represents an advance in electric refrigeration as revolutionary as the powerful, smooth-running motor car of today is over the noisy, chugging 2-cylinder car of 25 years ago. The new Iroquois has many exclusive advantages.

Silent Operation: Rotary type compressor instead of usual piston type. No noisy intake valves.

Low Operating Cost: Requires less current. Costs even less than ice in many localities.

No Troublesome Thermostat: Has automatic pressure-controlled switch. More efficient—absolutely trustworthy.

Safe Refrigerant: Non-poisonous, non-corrosive, absolutely safe. Works under low head pressure, therefore reduces danger of leaks to a minimum.

No Brine Tank: Employs direct expansion coil in cooling unit. More room for food—better circulation of air—more sanitary—more responsive to temperature control.

Moderate First Cost: You can buy Iroquois Electric Refrigeration, with all its advantages, at the same price as an ordinary machine.

Sometime soon you'll have electric refrigeration in your home. You owe it to yourself to investigate the silent Iroquois before making a choice. Come in and let us demonstrate.
